

**crea**

A fearless,  
interrogative,  
colourful, edgy,  
sexy flock of birds  
flying freely  
to explore,  
to imagine and to  
build freedoms  
together

Founded in 2000, CREA is **a feminist human rights organization**. It is one of few international women's rights organizations based in the global South and led by Southern feminists, that works at the grassroots, national, regional and international levels.

# vision

CREA envisions **a just and peaceful world**, where everyone lives with dignity, respect and equality. We build feminist leadership, expand sexual and reproductive freedoms, and advance human rights of all people.

# theory of change

We believe that **creating feminist platforms and building self-confidence, leadership and knowledge** of all women, girls, trans\* and gender non-conforming people will enable them to make autonomous decisions; demand their rights; and transform oppressive narratives, structures and norms.

# values

We put **sexuality, gender and rights** at the centre of our work.

We believe in **diversity and cross-movement** collaboration.

We prioritize **inter-generational approaches** in feminist organizing and movement-building.

We work through **partnerships**, sharing knowledge, resources and power.

# who we work with

We work with **women and girls with disabilities** as they hold legitimate claims to sexual and reproductive health and rights.

We work with **sex workers**, honoring all peoples' agency to make decisions about their occupation, bodies and mobility.

We work with **lesbians, trans\* and gender non-conforming people** to enable them to exercise autonomy and choice.

We work with **women and girls** because they are rights-bearers, independent of the gendered roles that are imposed upon them.

# what we do

We **strengthen** feminist leadership and collective power. We **advance** sexual and reproductive health and rights.

We **address** gender-based violence and promote well-being. We **amplify** the voice and visibility of marginalized women, girls, trans\* and gender non-conforming people.

Our **strategies** are capacity building, knowledge creation, advocacy and public education.
